

Product Specification Sheet

Alcoa Standard Vinyl Shutters Style AL-SP Panel Shutters

This guide is intended to help answer any questions about specific dimensions of the exterior decorative shutters you will receive. Please note that the vinyl shutter manufacturing process is not exact. All sizes are nominal and may vary slightly from one shutter color to the next.

If you are installing your exterior vinyl shutters in a cavity or next to an obstruction and you require an exact shutter width, we recommend that you call us for an exact width measurement before ordering outdoor shutters, as sometimes the actual vinyl shutter width is slightly wider than what is specified.

Stiles

Shutter Width	Stile Width
12"	1 3/4"
15"	2"
