

Product Specification Sheet

Mid-America Custom Shutters Style L5 Louvered Vinyl Shutters

This guide is intended to help answer any questions about specific dimensions of the decorative exterior shutters you will receive. Please note that the plastic shutter manufacturing process is not exact. All sizes are nominal and may vary slightly from one shutter color to the next.

If you are installing your outdoor vinyl shutters in a cavity or next to an obstruction and you require an exact shutter width, we recommend that you call us for an exact width measurement before ordering custom shutters, as sometimes the actual plastic shutter width is slightly wider than what is specified.

Stiles

Shutter Width	Stile Width
5 3/4"	1"
8", 9 1/4", 11", 12", 13", 14 1/2", 16 1/2"	2"
