

Product Specification Sheet

Mid-America Custom Vinyl Shutters Style LP2 Combination Louver & Raised Panel Shutters

This guide is intended to help answer any questions about specific dimensions of the exterior custom shutters you will receive. Please note that the vinyl decorative shutter manufacturing process is not exact. All sizes are nominal and may vary slightly from one shutter color to the next.

If you are installing your vinyl household shutters in a cavity or next to an obstruction and you require an exact shutter width, we recommend that you call us for an exact width measurement before ordering the outdoor custom shutters, as sometimes the actual exterior shutter width is slightly wider than what is specified.

Shutter Depth (Thickness): 1"

Stiles

Shutter Width	Stile Width
9 1/4", 12", 14 1/2", 16 1/2"	2"
18"	2 3/4"

Top Rail
