

Product Specification Sheet

Mid-America Custom Exterior Shutters Style S3-Z Board and Batten Shutters

This guide is intended to help answer any questions about specific dimensions of the custom window shutters you will receive. Please note that the manufacturing process for vinyl shutters is not exact. All sizes are nominal and may vary slightly from one shutter color to the next.

If you are installing your exterior window shutters in a cavity or next to an obstruction and you require an exact shutter width, we recommend that you call us for an exact width measurement before ordering the custom vinyl shutters, as sometimes the actual vinyl shutter width is slightly wider than what is specified.

Vertical Board Width: 3 ½"

Cross-Batten Height: 3 ½"

"Z" Batten Width: 3 ½"

Shutter Depth (Thickness):

- 1 ¾" at the Cross Battens
- 1 ¾" at the "Z" Batten
- 7/8" between the Cross Battens and "Z" Batten

Shutter Width: 12"

Available Heights:

- From 18" to 144" in ¼" increments
