

SHUTTER RENU 10-YEAR LIMITED WARRANTY

OneSource Organics, Inc. (“OSO”) warrants Shutter ReNu for a period of 10 years from the date of purchase against defects in manufacturing, cracking, chipping and peeling. This warranty only covers the application of Shutter ReNu on properly hung, aged (at least 3 years old) plastic (vinyl, polystyrene, polypropylene or blends) shutters and is nontransferable. Improper application, including improper surface preparation or the use of chemicals including but not limited to pesticides, solvents or bleach voids this warranty in its entirety and may cause premature failure.

OSO, at its sole discretion, will replace the proven defective product or refund the purchase price. All claims must be submitted in writing to OneSource Organics, Inc., P.O. Box 128, Jamison, PA 18929. All claims must have a detailed description of the failure and pictures evidencing the failure.

OSO’s obligation under this warranty in no way exceeds the original purchase price of the purchased product found to be warrantable. Any additional costs and expenses incurred are the responsibility of the customer.

OSO recommends annual cleaning of treated surfaces using a low-pressure garden hose.
